The Franklin Community Education and Recreation Department and Franklin Public Schools would like to thank the Franklin residents who filled out the survey that was mailed in March. As our department and community continue to grow it is important that our resources are allocated based on the needs of the community for programming and space. The information from the survey will set the direction for our department as we continue to serve the Franklin community. The results of the survey will be posted online May, 2018.

Grab your dancing partner and get ready to have some fun while learning new dances or brushing up on the ones that you already know. Dancing is a great exercise and a stress reliever. Come join Eric and Vanessa as they show you how to maneuver your way around the dance floor just like the stars do.

INSTRUCTOR: Eric Guy began his ballroom dance experience looking to lose weight. He’s been dancing for four and a half years and taken off over 140 pounds while dancing. Eric is especially fond of the dramatic nature of tango, the romantic sway of the rumba and the beautiful bolero.

Eric takes his craft very seriously. He has already passed his certification exam in American Ballroom through the United States Imperial Society of Teacher of Dancing and is working on his American Rhythm certification. When Eric isn’t dancing or teaching dance, he loves to read and play computer games.

INSTRUCTOR: Vanessa Arboleda was born and raised in Quito, Ecuador and moved to Wisconsin with her family in her early teens. She has been dancing “street” Latin ever since she can remember, but became exposed to formal dance at the age of 18. During the day she works as a certified veterinary technician. She has a strong passion for animal welfare, which has led her to focus on the veterinary path and community involvement. However, her love for dancing has never ceased and she hopes to always let that love shine through and share it with others as much as possible.

NOTE: Please do not wear tennis shoes or sandals. Hard soled shoes are best. Fee is per person. Must register both people for class.

Yoga/Pilates Combo
Adults 18+

Yoga enhances your inner self by focusing on increasing strength, balance and flexibility using nostril breath to warm and relax the body. Pilates breathing is a forceful mouth exhalation and a passive nostril inhalation (a natural response to the exhalation).

Pilates trains the body from the core outward. This dynamic concept of training is consistent with the way we live and move. Everything we do, from putting away groceries to moving furniture to shoveling snow, requires that we actively stabilize from the core in order to effectively use our extremities as we perform work and movement. In order to safely and effectively use the strength of our "movers," the arms and legs, we must strengthen the stabilizers of our core. To do so we center the body by stabilizing the pelvis and training muscles to be both movers and stabilizers. Posture is improved and the spine becomes better aligned. Muscles become balanced and fluidity and grace are achieved.

This form of exercise is gentle, yet challenging. The exercises are progressive and can be modified to each individual’s needs and ability. Exercises are performed on a Yoga mat, using a variety of positions, standing, supine, prone, kneeling and side lying.

So, What’s Your Story?
“There is no greater agony than bearing an untold story inside you.”
Maya Angelou

Everyone has an interesting story or two. Possibly you saw a volcano light up the night sky, were scared stiff by the sight of a foraging bear or lucky enough to have met a rock star. Big Muskego Lake Adventure

If you are a naturalist at heart, this is a trip you’ll want to do! Much of Big Muskego Lake is a 2,260-acre cattail marsh. You may catch sight of yellow-headed blackbirds, Forster’s terns, and Blanding’s turtles along with muskrats, great blue herons, and numerous other birds. Most of the lake is less than four feet deep. A nationally recognized lake restoration effort in the mid 1990’s greatly improved the wildlife habitat of this special wetland, and Aldo Leopold made reference to it in his famous book, “A Sand County Almanac.” This is an easy trip for beginners and requires no previous paddling experience. Kayaks, paddles and life jackets provided by Sherri.

**WHAT TO BRING:**

Information about Participation in the Franklin Community Education & Recreation Program

Details You Should Know Before You Enroll

Self-Care

In classes where caregivers are not required, children must be able to provide self-care in a group setting (i.e., able to wash hands and use rest room facilities without assistance).

Class Times are the Starting and Ending Times

Our instructors need time to open facilities and prepare for your class. Please provide proper supervision, as children dropped off before classes start will not be supervised by our staff. Instructors will call their class and take attendance, parents should wait until this has happened before leaving. Classes will end as scheduled. Instructors are either preparing for the next class or closing the facility. Your promptness in picking up your child is necessary.

Make ups?

Classes missed for individual absences (i.e., illness, vacations, etc.) are not “made-up” nor may participants attend classes other than the one for which they are registered.

Parent/Guardian Observation

The purposes of these classes is to help your child have a fun opportunity with their peers while developing separation skills.

- Parent/Child Classes
  The observation policy remains the same. Please make arrangements for siblings as they will not be permitted in the room and may not be left unsupervised in hallway or locker room areas.

- Adult Classes
  Please make arrangements for your children as they will not be permitted in the room and may not be left unsupervised in hallways or locker room areas.

Waiting Areas

Most facilities have a designated spot where parents may wait during classes. Help us keep the privilege of using these facilities by not wandering around the buildings. No food or drink will be allowed. PLEASE KEEP SIBLINGS UNDER SUPERVISION.

Facility Usage forms may be picked up at any school if you are wishing to rent a facility. Each form must be approved by the individual school and the Recreation Department. The Recreation Department will add any charges deemed necessary for the rental of the facility and use of equipment. The facility usage form must be turned in two (2) weeks prior to the scheduled event.
